COMMUNITY ARTS EXCHANGE

A seminar to promote the value of the arts in your community!

With so many things changing in the educational landscape, one thing remains constant:

the ability of the arts to transform and nurture the human spirit for all students.

Come and **EXPERIENCE** a hands-on demonstration with a professional teaching artist, **ENGAGE** and discover new ideas with a network of peers, **INVEST** and promote the value of arts education back at your school or district.

Exploring Arts Integration to other Subject Areas

Please join us for a free seminar with Teaching Artist David Prather (Theatre) to gain hands-on knowledge and skills in arts integration.
